

Cartridge

Disk Cartridge (C type)

Glass Ceramic Cartridge

Specifications

Model	A3 PRO	
Axis	5 Axis	
Processing	Wet & Dry	
Max. RPM	80,000	
Spindle Motor Type	DC	
Spindle Power (Continuous)	0.8kw	
Spindle Power (Max)	1.0kw	
A.T.C	12	
Tool Shank(mm)	Ø4	
Motor	Stepping	
Drive Mechanism	Ball Screw	
Way System	Linear Guide	
Total Size(W*D*H)	490*700*797	
Weight(Machine)	114kg	
Travel	X, Y, Z axis	155*110*125
	A / B axis	360 ° / +30 ° ~ -30 °
Cartridge Type	C type / CAD BLOCK	
Clamping system	Bolt Clamping

A3 PRO

Widen the horizon of possibilities

From imagination to reality

Just Plug In

Simply connect the power, and You're set!
Experience remarkable milling quality from the first day with easy setup.
* In wet milling conditions

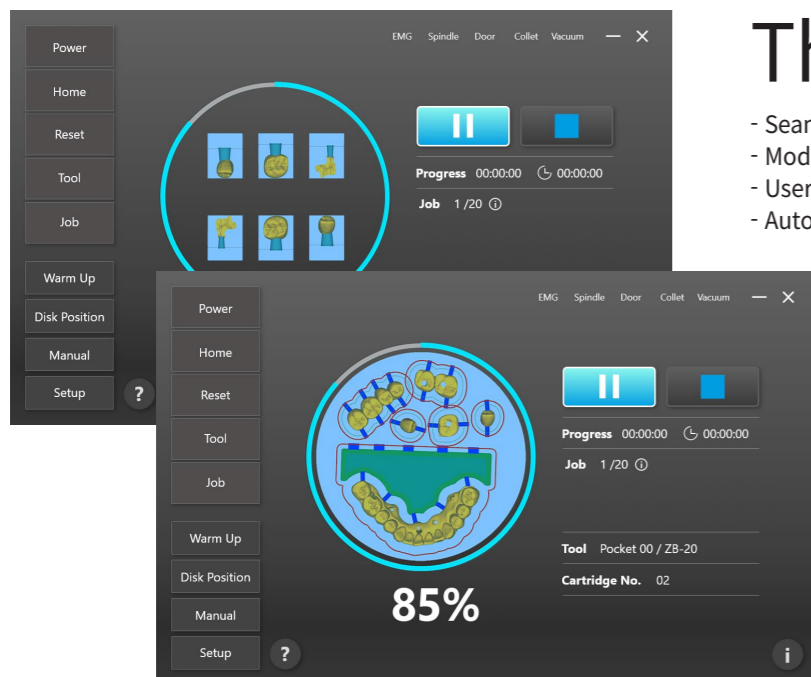

Built in water tank

The water tank is built into the milling machine, eliminating the need for a separate tank or table. Its approximately 5L capacity provides sufficient storage for cutting oil used in milling.

Auto Calibration

With a new automatic calibration feature, users no longer need to set it manually. This function deliver more stable performance.

The A CONTROL

- Seamless connection with ARUM connect
- Modern design and easy touch controls
- User-friendly interface
- Automatic updates

IoT with A3 PRO

Manage your milling machine and monitor Milling progress in real time through the app, anytime, anywhere.
